## Strong-ish Start!

We seem to be off to a nice strong start this season! 2nd week in and we have a handful of perfect shots, each division has high finish (though we all know they won't last) and even a 13 dart game. The "ish" comes from the 2 teams who didn't report their scores... If you have trouble remembering, try setting up a recurring meeting for every Tuesday at say, noon, to report your scores. Or if you prefer the phone-in method, call in right after your games. I get plenty of drunken folk calling in their scores from the pub. No interesting messages so far this year, but there's still plenty of time for that!

Rocky from the Kanata Q Rebels would like to send a message out to everyone: "Fun night of darts this Friday night at Kanata Q, 730 followed by Karaoke at 10pm. Come play some Kanata Q Cricket with a blind draw double and have some fun and meet new darters."

On that note, we would like to give back to our wonderful venues. Please take the time to write in with a little blurb about your venue. We'll put that up in our Featured Venue page. You venue people can write in as well. Also write in about any events or what not that might be going on at the venue. It can be added to the News Letter for everyone to see.

One more thing. While we have had some churn in our executive (new Pres and Vice Pres) we are still looking for someone to take over as Webmaster/Statistician. My Life Manager has asked that I free up my evenings... Doesn't take much, maybe an hour or so a week of your time. If you think you may be interested, contact us (well, me really) and we can discuss. Contact info can be found on the web page.

TTFN!
